Dear Joe:

Congratulations on receiving the well-deserved honor from the American Academy of Cosmetic Dentistry in Nashville. Your tireless work to improve the health of the public over the course of the years is admirable and a true credit to this profession. I am proud to know you both as colleague and friend.

I wish you continued success in all that you do, both professionally and personally. If I can ever be of any help to you, please feel free to call.

Best regards,

Roger P. Levin, DDS, MBA
