Dear Joe,

On behalf of the American Society for Dental Aesthetics I want to extend our thanks and appreciation for your most outstanding presentation. Thanks to endeavors such as yours, our symposium in New York was a great success.

Joe, knowing the time constraints you were under, I truly appreciate your appearance – and your lecture was great.

I appreciate the time and energy expended in such a task. Your results however, more than justified the effort.

I hope it was equally enjoyable for you, as we already look forward to inviting you again.

Sincerely,

A handwritten signature in black ink that reads "Irwin". The signature is written in a cursive, flowing style.

Irwin Smigel, DDS
President of the ASDA
